

**Charles Morris STEM Scholarship**  
**Funded by the Educational Equity Endowment Fund**

**Overview:** The Educational Equity Endowment (EEE) Fund was established to promote educational equity at Illinois State University. The Charles Morris STEM Scholarship, funded by the EEE Fund, is aimed at increasing the participation rates of students from underrepresented minorities pursuing degrees in Science Technology, Engineering or Mathematics (STEM). This Scholarship supports students who are majoring in these disciplines and are planning a STEM based career. Recipients of this scholarship will be encouraged to become active members of LSAMP (Louis Stokes Alliance for Minority Participation) which is a support program for underrepresented students majoring in STEM.

**Eligibility:** Underrepresented minorities in good academic standing who are matriculated in classes at Illinois State University and are majoring in a STEM discipline. Applicants must also have completed at least 24 hours of college credits.

**Award:** Two \$500 scholarships will be awarded the evening of the annual Charles Morris STEM Social (Thursday, November 9, 2017).

**Application Deadline:** Wednesday, October 25, 2017.
